Re: Freedom of Information Request No. **EPA-R2-2015-003306**  
Dated: January 16, 2015

Dear Ms. Benthin:

Your request for information has been referred to this branch for response. We have searched the Resource Conservation and Recovery Act (RCRA) files and/or computer database as appropriate to respond to your request. In addition, you may also receive information from other program areas within this Regional Office.

This is a follow-up to your request for information concerning Paulsboro Refining Company, LLC located at 800 Billingsport Road in Greenwich Township, Gloucester County, New Jersey. Per discussions with Ms. Joanie Burns of Geosyntec Consultants in Santa Barbara, California, and Mr. David Abrines of my staff, we are sending you the RCRA documents for Paulsboro Refining Company in Greenwich Township, New Jersey. Per the email from Ms. Burns of Geosyntec to Mr. Abrines dated February 13, 2015, Geosyntec is willing to pay the costs for copying up to \$200. Also, discussed with Ms. Burns, we will send the FOIA invoice to Ms. Shannon Castagno of Environmental Support Services in Laguna Niguel, California. The charge for processing this request is **\$85.50**. We will send the bill directly to Ms. Castagno via FOIAonline. When sending us the payment, please include the above referenced request number on the face of the check, or money order, and in any subsequent communication relating to this request.

Enclosed are copies of the entire RCRA files for Paulsboro Refining Company in Greenwich Township, New Jersey that was requested by Ms. Burns from the above email dated February 13, 2015. Also, enclosed is a DVD which has five maps for Mobil Oil Refinery in Paulsboro, New Jersey.

Regarding one of the documents on your request for the Final NJPDES Permit Action, Langan Engineering & Environmental Services, Inc., February 16, 2001, our water programs office does not have this document. However, since the state issues the water permit, they will be more able to provide the requested document. A request can be submitted to New Jersey Department of Environmental Protection at the following link:  
<http://www.nj.gov/dep/opra/ora.html>.

If you have any questions regarding this response, please contact Mr. Abrines at (212) 637-3043.

Sincerely yours,
